

Application Form for Debris Removal

Checklist

The following information is intended to help you prepare a concise and complete proposal for the Stream Corridor Protection Program.

~ 1. **Completed Proposal Cover Page**

~ 2. **Completed Project Summary Page**

- Provide a brief description of the project and its location.

~ 3. **Budget**

- Provide a breakdown of costs that will be covered by the requested funding, as well as by other grants and in-kind services.
- Break out cost by personnel costs (funded and in-kind contributions), non-personnel costs (material and equipment), indirect costs (overhead, administrative).
- Make sure those program elements mentioned in the summary and supplementary materials are represented in the budget.

~ 4. **Application Copies**

- Provide one(1) complete original application and three (3) copies to CWC.
- CWC will distribute copies to DEP.
